# START DRIVE FOR MORE JOBS

An intensive job drive among employers in the community to find jobs for many highly qualified, experienced job applicants is now underway, according to Richard P. Keagle, manager of the Gettysburg office of the Pennsylvania State Employment Service.

Keagle said his staff will visit a number of business firms to seek job offerings for this purpose. The local job drive is being coordinated with the nationwide "Hire Now" campaign which started May 10.

Improved business outlook predicted by the nation's economists is expected to benefit local business firms and provide many of these needed jobs, Keagle said.

Plans for the stepped up employer contact program include increased personal visits to business firms by local employment service staff, more telephone contacts with employers, personal letters to employer associations and industry heads and speeches before service clubs. All of these measures have proven successful in the past, Keagle said, but they will be intensified in the future.

# Include Gettysburg In New Travel Book

Gettysburg is one of the historic and timeless towns described and photographed in "The Lost Towns And Roads Of America," a new American travel book by J. R. Humphreys, published by Doubleday & Co., Inc.

J. R. Humphreys, a teacher at Columbia University, has had a long-time interest in America's "timeless towns" which most travelers never see. These towns have a special charm and character all their own and quite different from big-city America. Sometimes even their own residents are unaware of their town's distinctive qualities.

Humphreys' book includes 96 pages of photographs which he took as he made his six-week cross-country trip in preparation for the book.

# RURITAN CLUB HEARS TALK ON LAYMEN'S LAW

Members of the Hunterstown Ruritan Club were praised by their district lieutenant governor for their attendance record and community service projects and heard a talk by Attorney Eugene R. Hartman of Gettysburg on "Laymen's Law" Friday evening at their monthly dinner meeting at The Pines parish hall.

District Lieutenant Governor Earl Garvin, Chambersburg, on an official visit to the club, praised the Ruritan members for their development of the recreational area known as Ruritan Park at the north edge of Hunterstown.

Eighteen members attended the meeting with President James Black presiding. Ladies of the Pines Church served the meal and Charles Grove led the singing with Mrs. Edgar Milhimes as pianist.

**PLAN BARBECUE**

The clubmen made plans for a donkey baseball game, chicken barbecue and cake walk on Saturday evening, July 1, at Ruritan Park. Serving will continue from 4 to 8 p.m. It was announced that the grading of the park is underway.

Members of the club will march in the Memorial parade at Hunterstown at 6:30 o'clock this evening, it was announced. The treasurer's report showed \$178 in the treasury.

Introduced by Ray Shupe, Attorney Hartman described the code of ethics by which members of his profession are bound, advised his audience to have will drawn, described the law covering deeds and the advantages of joint title to property for husband and wife. He said support cases are the most numerous in domestic relations courts.

The clubmen will meet next on June 23.

# Young Negro Admits Part In Assault-Murder Of 2 Women

By ALAN LEVIN  
PLAINFIELD, N.J. (AP)—One of the two young Negro suspects in the rape-slaying of two middle-aged women has admitted one murder and accused his cohort of the other, according to police.

The suspects—Lorelle Parks, 22, of Plainfield and Joseph Maxey, 23, of Dunellen—were to be arraigned on murder charges at 5 p.m. today.

The signed statement by Parks climaxed nearly a full day of questioning Friday. The alertness of a taxi driver and a Scotch Plains policeman helped locate Parks and Maxey within hours after the double slaying was discovered.

**FOUND UNDER CAR**

The dead women were Mrs. Elliott C. Ewell, 49, of Westfield, and Mrs. Robert Tyson, 50, of Plainfield, both socially prominent. Mrs. Ewell was the wife of the executive vice president of the Mack Truck Co. of Plainfield; Mrs. Tyson's husband is a New York stockbroker and former Mack executive.

The women's bodies were found along with the Ewells' white Cadillac in which they had been abducted. Mrs. Ewell's body, stripped from the waist down and with her red silk dress pulled up over her head, was found crumpled under the front of the car. Detectives said she had been run over more than once as she apparently tried to flee.

Mrs. Tyson's body was found inside the car. Clothing also had been torn from her.

**ADMITS STRANGLING**

Detective Capt. Ernest Phillips said Parks had signed a statement admitting he strangled Mrs. Tyson after having relations with her. Parks accused Maxey of causing the death of Mrs. Ewell, Phillips said.

"He (Parks) said he had relations with her (Mrs. Tyson) first and the killing was done in a fit of passion," Phillips said. (Continued On Page 3)

# BISHOP LEECH OPENS DRIVE AT ST. ALOYSIUS

His excellency, the Most Rev. George L. Leech, bishop of Harrisburg, visited St. Aloysius Parish on Friday and addressed an assembly of parishioners gathered in the parish hall in the evening, a final meeting and briefing session preparatory to the Parish Plant Renewal Program financial drive, which begins today.

Bishop Leech launched the drive by presenting a check for \$3,000 to the pastor, the Rev. Dr. John E. Metz, and requested that the amount be used for a rose window memorial.

William Pfaff, general chairman of the executive committee for the drive, was chairman for the meeting which opened with the "Star Spangled Banner" and prayer by the Rt. Rev. Msgr. Patrick F. McGee, pastor of Annunciation of the Blessed Virgin Mary Church, McSherrystown, and dean of the deanery.

**REVIEWS HISTORY**

The Rt. Rev. Msgr. George Mulcahy, rector of Mt. St. Mary's Seminary, Emmitsburg, was introduced and he reviewed the building program in the diocese, during the last 25 years, under the direction of Bishop Leech, and especially the beginning of Delone Catholic High School, made possible through the generosity of "one, good Catholic man." He traced the tradition of the parishioners to accept the direction of the pastor and the bishop in the present building program.

Father Metz spoke briefly, concerning the various steps already completed in the campaign, noting that there is a feeling of enthusiasm and confidence prevailing and making a formal public appeal for "sacrifice on the part of everyone to renew, extend, beautify and preserve the physical facilities of the parish, indispensable in the education of the children of the parish and so necessary for the work of God."

**GIVES BLESSING**

Bishop Leech added appropriate remarks and his blessing to the financial campaign and to each individual present.

Chairman Pfaff reminded the solicitors to call their memorial pledges to the rectory for recording and reservation. Every family in the parish will be contacted, and all reports will be made at a meeting on Wednesday at 8 p.m. The gathering closed with a hymn. Miss A. Marie Budde was pianist for the evening.

# 44 Holiday Traffic Deaths Reported To 11 A.M. Today

By THE ASSOCIATED PRESS

Traffic	44
Boating	0
Drowning	0
Miscellaneous	1
Total	45

By THE ASSOCIATED PRESS

Traffic deaths mounted slowly as motorists took to the road in the early hours of a weekend which for some would extend through Tuesday's Memorial Day holiday.

Adding to normal travel are those who for various reasons can include Monday to make the period a four-day weekend.

The weather refused to cooperate with those planning spring outings, however, and spread unseasonable cold temperatures over much of the nation.

**TOLL MAY BE 100**

The National Safety Council made no estimate of highway fatalities for the four-day period but said extraordinary travel on Memorial Day alone could produce 100 deaths, 30 more than the average on a nonholiday Tuesday.

A nationwide Associated Press survey, made for comparative purposes covering the 102-hour period from 6 p.m. Friday May 12 to Tuesday, May 16, counted 341 traffic deaths, 14 boating fatalities, 78 drownings and 106 miscellaneous for a total of 537.

The Council said traffic fatalities would average 385 over a nonholiday 102-hour period.

**347 IN 1950**

The last period of that duration when Memorial Day fell on Tuesday was in 1950 when 347 traffic deaths were reported. An over-all total of 571 deaths for the period also included 96 drownings and 128 deaths from miscellaneous causes.

The last midweek Memorial Day was in 1957 when the holiday fell on Thursday. That period, also extending 102 hours, saw 413 traffic deaths, 134 drownings and 113 miscellaneous for a total of 660.

The Memorial Day holiday of 1958 covering Friday, Saturday and Sunday produced a record 371 traffic deaths. Only four less, 367, were counted last year when the holiday fell on Monday.

# DEMOCRATIC MEN MEET

Plans for organization of a coordinating committee to prevent overlapping in scheduling of events by the Adams County Democratic Men's Club, the Young Democrats and the Democratic Women's group were outlined Friday evening at a meeting of the Adams County Democratic Men's Club at the Adams Electric Co-operative building.

Emory Hammer, New Oxford, president of the Democratic Men; Mrs. Elizabeth Lippy, president, and Miss Jean Miller, secretary of the Democratic Women's group, and Gilbert Lupp, representing the Adams County Young Democrats, were among those explaining the purpose of the coordinating committee. It was decided also that the committee should plan for a joint outing, probably a picnic, for the three groups during the summer. Named to represent the Democratic Men on the coordinating group were Robert Kane and J. Claude Hammond.

Ernest Unger, Democratic registration chairman, stressed the importance of a concerted registration drive prior to the November election.

Candidates Dawson R. Miller, Robert Stoniesier, Clyde Allison and M. Hardy Nichols spoke briefly. It was announced in introducing Nichols that, while he was nominated for the office of Burgess of Gettysburg, he will be running for the office of mayor of Gettysburg. By state law signed this week the name of Burgess will disappear as of September 1 and instead all Burgess will be known as mayors.

J. Walter Kugler, membership chairman, introduced five new members.

# Report Southern Countries Seeking Funds For Tractors

By LEWIS GULICK  
WASHINGTON (AP)—Fund raising groups in more than half the countries of Latin America have joined U. S. citizens in efforts to buy tractors to ransom 1,200 rebel prisoners held by Cuba.

This is part of evidence reaching Washington that Cuban Prime Minister Fidel Castro has suffered a serious propaganda setback as a result of his offer of tractors for prisoners.

Other evidence comes from comments by Latin American newspapers and public speakers which are in striking contrast to the stream of anti-U. S. utterances received here many times in the past.

**SEEK CASTRO PLEDGE**

The 10 prisoners Castro paroled a week ago to arrange a deal in the United States are slated to return to Havana today.

They carry a message from a U. S. committee promising to supply the tractors if Castro frees the captives.

However, the group headed by

The flowers were given by members of Troops 44, 22 and 7.

# DR. GREGG WINS SCHOOL BOARD CONTEST HERE

Dr. Elizabeth R. Gregg, Carlisle St. osteopathic physician, is the Democratic nominee for school director in Gettysburg as a result of the count of the military and absentee ballots by the county commissioners Friday at the court house.

Until Friday, Ronald Guise had been the top Democratic candidate for the post, by one vote, 154 to 153.

When the 14 military and absentee ballots were opened Friday afternoon, it was found that two of the votes were cast in the Second Ward of Gettysburg for Dr. Gregg. Guise received none. As a result, Dr. Gregg won the nomination by one vote, 155 to 154.

The 14 votes were cast from seven districts, Butler, Franklin, Strahan, and the four precincts of Gettysburg. Of the ballots, 12 were Republican and two Democratic.

**TO BREAK TIES**

The two Democrats simply added two more votes to the county candidates, there being no opposition for the Democratic nominations for county-wide office.

Wayne Cluck, who lost the Republican nomination for sheriff, receive 10 of the absentee votes to two for Fred Renner. Thus the final vote for the Republican nomination for sheriff is Renner, 2,357; Cluck, 2,239. R. M. Sherry, Republican candidate for associate judge, received all 12 of the absentee Republican ballots. The other county-wide candidates received 11 votes each.

It had been hoped by election officials that the absentee ballots might break the tie, at three votes each, between Richard Eisenhart and Philip Neth for the nomination as Republican candidate for Gettysburg area school auditor for four years, but none of the absentees voted for either man.

The draw off of ties will take place at the courthouse June 2.

# CHARGES NEW PREACHERS TO CHANGE WORLD

"Your field is the world. You are not called to shun the world. You are the yeast, the salt. And salt and yeast only function by entering the food, by entering the dough, and by their action transforming them. The world can only become truly the world through your action upon it." Rev. Dr. Harold R. Albert, pastor of the First Evangelical Lutheran Church, Pittsburgh, told the graduates of the Gettysburg Lutheran Theological Seminary at their annual commencement service Friday evening in the Church of the Abiding Presence.

"Yours is the task of closing the gap between the clergy and the laity," Dr. Albert told the 40 young men who received Bachelor of Divinity degrees at the commencement service. Fred Clifford Stiner received the Master of Sacred Theology degree and Susan Ruth Benish and Donna Yvonne Gardner the Master of Arts degrees at the service.

"You must close the great gulf between the sacred and the secular. You know what I mean for it has come into the common usage. We speak of the ministry as a sacred calling while a scientist has a secular calling. Is the ministry more sacred than the calling to be a salesman? God is in all things. Christ said 'For all things I yearn.' He meant all things, all things now and forever. Jesus was not temple-centered or synagogue-centered. In fact both rejected Him. He was man-centered and He went out into the world to change the world.

**OPPOSITE OF WITHDRAWAL**

"All of Christ's teaching and all of His actions are directly the opposite to withdrawal from the world. You are the salt, He said, and the only purpose of salt is to come into contact with food and so change it that food becomes what food is supposed to be." (Continued On Page 5)

## Reds Continue To Violate Cease-fire

GENEVA (AP)—The United States charged today the Communist-led Pathet Lao rebels are engaging in a systematic violation of the cease-fire in Laos.

A statement issued by the American delegation to the 14-nation conference on Laos here said there had been "at least 30 breaches of the cease-fire by Pathet Lao forces" between May 13 and Friday.

"Some of the violations were isolated incidents, but many reflect a pattern of premeditation," the statement added. The American charges raised grave questions about the future of the international conference.

The United States entered the negotiations here only after the Indian-Canadian-Polish International Control Commission certified on May 11 that a cease-fire prevailed in Laos.

## FIVE WORKERS RESCUED BY A GRANDFATHER

MICHIGAN CITY, Ind. (AP)—A grandfather rescued five construction workers early Friday from a boat derrick grounded in the Michigan City Harbor. He reached the men via the boom of a huge crane swung over wave-tossed water and a rig on a 30-foot line.

The dramatic rescue was made by Kenneth Hanke, 43, Michigan City ironworker, after futile attempts were made to reach the workers in 50 mile-an-hour gusts of wind and waves tossed as high as 10 feet.

### 100 MEN ASSIST

Hanke was aided in his rescue by about 100 men operating the huge crane and other men bulldozing a strip of dirt and sand out into the harbor so the crane could get near the stranded derrick.

Hanke mounted the 85-foot boom on the crane and he was swung within 30 feet of the grounded derrick.

He threw a line to the five men on the derrick and it was made secure. Then Hanke boarded a rig and aided each worker into a sling. The five men were transported back to land one at a time.

### CABLE SNAPPED

Reported in good condition in Doctors Hospital here were Nick Grubich, 53, Chicago; H. K. Bennell, 49, Valparaiso, Ind.; Ambrose Meagher, 42, Chicago; J. J. Sweeney, 59, Chicago, and Ludwig Bednor, Rt. 1, Crown Point, Ind.

All were treated for exposure. Bednor also suffered a wrenched back.

The tug was towing the derrick toward the harbor at 8 o'clock Thursday night when the cable snapped.

The Coast Guard discovered the lost workmen at 1 a.m. but were unable to get near the rig because of the high waves.

It was 5 a.m. when Hanke reached the derrick.

Hanke has two married children and four grand children.

The stranded derrick is owned by Great Lakes Dredge and Dock Co. of Chicago. It is valued at \$300,000. It was tilted at a 30-degree angle on the sandbar.

## 3 INJURED IN TORNADO

LANCASTER, Pa. (AP)—A small tornado zigzagged through Lancaster Friday, injuring three children, uprooting trees and causing several car accidents.

Matthew Gregg, a science teacher at Lancaster Township Junior High School, reported that the sky suddenly darkened.

"Then I saw the wind pick children right off the ground," he said. "One boy was clinging to a pole housing a basketball net. The wind flapped his body like a flag."

Daniel Bird said, "It was a typical tornado picture such as I have seen in the newspapers. It was about 100 feet high. I ran to my car and drove away. It veered in another direction."

The wind, estimated by the weather bureau at more than 100 miles an hour, blew in the glass doors and tiles of another school, injuring two pupils.

A girl was hit on the leg by a piece of wood in a house whose roof was torn off by the wind.

HARRISBURG (AP)—Thomas Z. Minehart and Grace M. Sloan, recently installed as state auditor general and state treasurer, respectively, are members of Gov. David L. Lawrence's cabinet.

The governor exercised his option to name them to the group of officials that helps him decide administration policy Friday. Republicans Charles C. Smith and Robert F. Kent, their predecessors in those offices, were not cabinet members. Minehart and Sloan are Democrats.

Willie Mays of the San Francisco Giants hit .299 in Candlestick Park last season but had a .338 batting average on the road.

never saw the women and never was in the Cadillac, Phillips said. Phillips said both Parks and Maxey had been drinking prior to the murders of which they are accused.

Police arrested Parks and Maxey as a result of tips from Scotch Plains patrolman John Trembicki who spotted the pair in Maxey's black 1951 Chevrolet around midnight and jotted down the license number, and cab driver Wilbur Morris, who said he witnessed the abduction of the two women.

The Ewell auto was found nosed into underbrush in a deserted field.

## SNOW, RAIN STRIKE STATE

By THE ASSOCIATED PRESS

The Memorial Day weekend began today with unseasonably cool weather following a front of Canadian air which brought snow flurries to northwestern Pennsylvania and heavy showers to most of the remainder of the state.

The snow was reported Friday in Meadville, Kane and Berlin, Somerset County, and inland towns in Erie County. It melted as soon as it touched the ground.

In Pittsburgh, the temperature dropped to a record low of 37 shortly before midnight. The previous low of 38 was set in 1939.

Stroudsburg, in the heart of the Pocono Mountain resort area, reported light traffic for the Friday night before a Memorial Day weekend. The reading there was 38.

A small tornado, with winds of more than 100 miles per hour, ripped through Lancaster, tearing roofs off houses, uprooting trees and causing traffic accidents.

Temperatures skidded 17 degrees in 20 minutes in a thunderstorm in Philadelphia. Winds in Allentown reached a near-hurricane force of 72 miles per hour.

## Today's Talk

## LET US GO OUT TO PLAY

Work is the great healer, the  
great builder, the one antidote  
for worry, disappointment, loss  
betrayal, loneliness and unhap-  
piness.But behind it is something ex-  
pensive.Let us go out to play. We will  
roam through the rolling fields,  
past playing children, thrill with  
the beauty of pictures in trees,  
flowers, rocks, valleys, rivers.  
Let us go out to play—and in our  
favorite books find adventures  
that will lift us on our toes and  
take us around the world.Let us find a heart somewhere  
and play in it. Perhaps it is  
filled with ache and want. Let us  
bring to it sunshine and cheer.  
By giving it companionship and  
understanding, light will stream  
in and then play will be the order  
of the day—and happiness the  
reward.Let us go out to play. Our  
muscles are tired from long in-  
activity, our blood slow from too  
little air and sun.Even as we work in our of-  
fices, may we not hesitate for a  
moment every once in a while—  
and in our thoughts—run out to  
play for a brief spell.How great in value is this re-  
laxation. Machines wear out  
from too much friction. Ease the  
point where there is friction,  
give your machine plenty of oil,  
and it will last and last.This human machine of yours  
is no different from those that  
are made by it. It must be kept  
loose and free and oiled by fre-  
quent play.Let us go out to play. And then  
return to work, happy and re-  
freshed.Protected, 1961, by The George

## Just Folks

**NO REASON FOR IT**  
I have no use for sleepy-heads.  
Nor have I any words of praise  
For those who like to keep their  
beds

Until the sun begins to blaze.

I'm for the man of industry,  
The man with clear and  
sparkling eyesWho emulates the busy bee  
And to his work is glad to rise.I like the man who quits the hay,  
Or feathers, as the case may be,  
And smiling greets the coming day  
Then journeys forth to earn his  
fee.But I can see no reason why  
A man should quit his bed at  
dawn,  
When other people wish to lie,pital Bridge Club will sponsor a  
maternity ward in the Musse-  
man annex at the hospital as a  
memorial to deceased members  
of the club.The Auxiliary was notified of  
the new sponsor by Mrs. LeRoy  
H. Winebrenner. The Thursday  
Club has long assisted the hos-  
pital with funds it has raised.

COURT WON'T  
STOP PAYING  
SOLONS \$3,000HARRISBURG (AP)—The Dauphin County Court Friday refused to hold up payment of the legisla-  
ture's newly enacted \$3,000 a  
year expense allowance.The first half of the payment  
is due next Wednesday. An Alle-  
gheny County taxpayer had asked  
the court here to delay the pay-  
ment until the issue of whether or  
not the expense boost is constitu-  
tional can be decided.The taxpayer's attorneys claim  
irreparable harm would be done  
if the payments were to proceed  
while the issue was pending.The attorneys claimed the mon-  
ey might never be recovered if  
the issue was decided against the  
expense allowance.Judge Carl B. Shelley wrote the  
opinion refusing to delay the pay-  
ment.

## MAY FILE APPEAL

"We believe that the plaintiff  
has failed to establish his right to  
the all-inclusive injunctive relief  
which he seeks," Shelley wrote.The next step is for the plaintiff,  
Gerald T. Wagner, of Glassport,  
to enter an appeal against the  
preliminary ruling by Shelley, or  
to proceed with his court challenge  
of the constitutionality of the ex-  
pense allowance itself.The essence of the challenge is  
that the \$3,000 is actually a salary  
increase and therefore violates a  
state constitution provision which  
prohibits any additional pay be-  
yond salary and mileage and also  
prohibits a legislator from receiv-  
ing an increase in pay during his  
term in office.The regular salary of a legislator  
is \$6,000 a year.

## TOUCHES ON MERIT

Beyond refusing the petition,  
Shelley touched on the merits of  
the case itself.The jurist explained that since  
Wagner's attorneys did not offer  
any testimony on the constitutional  
question at a preliminary hearing  
May 17, the court had to deter-  
mine whether the legislature's ac-  
tion in voting the boost last month  
was valid.

He wrote:

"Courts frequently and properly  
refrain from challenging legisla-  
tive findings and legislative pol-  
icies on subjects with which the leg-  
islature is actually much less than  
familiar than it is with the subject  
matter of this case."Who knows better than a legis-  
lator what would be a fair and  
reasonable amount of an allow-

## WON'T INTERFERE

"Since the legislature has made  
that decision and the governor ap-  
proved it, it would be most in-  
appropriate for this court to inter-  
fere with its effectuation at this  
stage of the proceedings."On the issue of whether the  
lump sum expense allowance rep-  
resents compensation within the  
meaning of the constitution, Shel-  
ley went back to an 1882 decision  
on the state Supreme Court. It  
held that expenses paid the legis-  
lator for an out-of-state trip could  
not be considered "compensation.""Thus, the distinction between  
'salary' and 'compensation' which  
may not, because of the constitu-  
tional provision, be increased with-  
in a particular term of service,  
and 'expenses' which are not regu-  
lated by that provision is well  
recognized and of long standing in  
Pennsylvania," Shelley wrote.Run for the Whole Family!

## Yankees Still Team To Beat Says Lee MacPhail, President Of Orioles

New York's Yankees are still the team to beat in the American League baseball race in the opinion of Lee MacPhail, president and general manager of the Baltimore Orioles.

MacPhail visited Gettysburg Friday in promoting "Gettysburg Day" which will be observed Sunday, June 11, in Memorial Stadium, Baltimore, when the Orioles meet the Chicago White Sox in a doubleheader.

He expressed his opinion about the Yankees in an interview with a Times reporter. A solid starting team and bench make the Yankees, currently in third place, the team to beat according to the Orioles president. He added, however, pitching problems may get the Yanks into trouble.

### ADAIR TOP ROOKIE

Commenting on his own team he said, "We think we'll be in the thick of contention." He has tabbed Jerry Aday, infielder, as his pick for top rookie of the year.

Of Jim Gentile, first baseman, who is the major league leader in runs-batted-in, MacPhail said, "We gambled when we bought his contract but after last year we felt a lot better. Now we think he's coming along just as fine as we had hoped and expected."

"We have had a few key players hurt recently and haven't had as good pitching so far as last year but we are hopeful both situations will iron themselves out soon."

Additional batting help in the outfield is needed, according to MacPhail, who says the Orioles would like to deal before the major league deadline on June 15 but other clubs want to many good players and it is likely no deal will be consummated. Dick Williams, secured in a deal with Kansas City, has not yet reached his potential but the staff believes he will help tremendously. MacPhail believes Jerry Walker, given up by the Orioles, will still make a fine pitcher for Kansas City but may need a full year to regain his control and iron out other pitching defects.

### SOX NOT SO BAD

Two other American League clubs were discussed by the Oriole proxy. He said the Chicago White Sox, whom the Orioles just beat four straight times, are not as bad as most people think and are just in a slump. He added, however, he didn't expect them to win the flag because of their poor start, but prophesied they will finish among the first four.

MacPhail expects Detroit to be in the race all the way. Because of trades and fine performance of rookies, the Tigers have developed tremendously. He cited in particular the fine work being done by Dick Brown, catcher, and Chico Fernandez, shortstop.

In commenting on baseball expansion of the American League to the West Coast, MacPhail said we "had to do it because of the commitment to other parts of the country. It was a big problem but I think we met it."

## ANGELS BEAT DETROIT; MOVE OUT OF CELLAR

By ED WILKS  
Associated Press Sports Writer  
The Los Angeles Angels beat Detroit and seven-game winner Frank Lary 5-4 Friday night on three unearned runs and a tie-breaking double by Earl Averill.

The loss cut Detroit's American League lead to three games and hoisted the Angels out of last place, by a half-game over the Chicago White Sox.

Washington defeated the Minnesota Twins 4-3 in the only other game played in the AL. Kansas City-Cleveland, Chicago-New York and Boston-Baltimore were postponed because of rain and cold.

The Angels collected nine hits off Lary, who struck out six, and twice came from behind before Ken Hunt singled and came home on Averill's double in the eighth. Ryne Duren, relieving starter Ronnie Kline after Rocky Colavito's two-run homer had tied it in the seventh, blanked the Tigers without a hit over the last 2-1-3 innings for his first victory in four decisions.

The Senators, just a game behind the fifth place Twins, also came from behind twice, handling lefty Jim Kaat (1-4) with fourth straight defeat on a two-run single by Harry Bright in the sixth inning. Washington now is 2-2 against Minnesota and right-handed rookie Joe McClain (5-3) has pitched both victories, getting this one with a seven-hitter.

Lennie Green of the Twins doubled and extended his hitting streak to 23 games, longest in the majors since Ken Boyer hit 29 for the St. Louis Cardinals in 1959.

## SPAHN WINS 293RD GAME; CUBS LOSE IN 13

By ED WILKS  
Associated Press Sports Writer

Southpaw Warren Spahn, beating the Dodgers twice in one season for the first time in 10 years, gained the 293rd victory of his National League career as the Milwaukee Braves rapped Los Angeles 10-2 Friday night. First place San Francisco defeated the Chicago Cubs 3-2 in 13 innings and picked up a full game over both Los Angeles and Pittsburgh, virtually tied for second, when the Pirates were whipped 12-2 at St. Louis.

Philadelphia's game at Cincinnati was postponed because of cold.

### 6TH COMPLETE GAME

Spahn, now 5-3, nailed his sixth complete game while allowing seven hits, three of them bunt singles. The fifth place Braves backing Spahn with four double plays, also had seven hits, but two were home runs. Frank Thomas hit the 200th of his career, a two-run jolt, and the other was a solo shot by Hank Aaron, who was saved by his plastic helmet when hit by a pitch by loser Stan Williams (3-3).

The Dodgers are 903 behind Pittsburgh on a percentage basis, but because of a difference in games played, they trail San Francisco by only 1 1/2 games while the Pirates are two games back of the Giants.

### BOYER HOMERS TWICE

Ken Boyer, after going 15 games without driving in a run for the Cardinals, hit a pair of homers and collected six RBI against the Cubs. He hit a three-run shot that wrapped it up in the first inning against Bob Friend (5-5), who now has lost five in a row as a starter. The Pirates had 10 hits, just one less than St. Louis, but gave up five unearned runs on six errors. Southpaw Curt Simmons (2-3) won't, pitching his first complete game on the eighth try.

The Giants scored a pair of unearned runs in the 13th off reliever Don Elston (5-4) for their sixth in a row over the Cubs. Harvey Kuenn drove in a run for a 1-1 tie in the eighth inning, then singled home the lead run. The clincher scored on an error by outfielder Billy Williams. Sam Jones (4-3) was the winner in his first relief job of the season.

ST. LOUIS (AP) — Pitcher George Witt of the Pittsburgh Pirates will be out a few days because of a severe bruise of the right ankle and a sprained left ankle, suffered in the eighth inning Friday night when he was struck by a St. Louis line drive.

X-rays disclosed no fracture. The right-hander was carried from the field on a stretcher. The drive was hit by Cardinal outfielder Don Taussig.

## INDICTED FOR PLOT AGAINST PRO GRIDDER

NEWPORT, Ky. (AP)—A surprise indictment faces Thomas J. Paisley, Medina, Ohio businessman accused of conspiring with Tito Carinci of Newport to bring about the arrest of George Ratterman in a police vice raid that ended in a sensational trial and dismissal of the charges.

The indictment against Paisley and Carinci came Friday night by the grand jury which charged them with plotting to drug Ratterman and bring about his arrest in a hotel with a strip dancer.

He was arrested May 9 in this city notorious for its gambling houses.

Ratterman is a candidate for sheriff, backed by a reform movement pledged to rid Campbell County of gambling and vice.

In a separate action, the grand jury also indicted nine men on charges of allowing gambling in some of the city's most widely known night spots. These indictments, Commonwealth Atty. William Wise said, resulted principally from testimony of state liquor agents sent into Newport a few weeks ago by Gov. Bert Combs in one phase of a crackdown by the state. Among the places cited in the indictment were the Yorkshire Club, the Flamingo Club and the Belmont Snax Bar.

Indictment of Paisley and Carinci in the Ratterman case came after the jury heard three days of testimony concerning the former professional football player's arrest with dancer Juanita Jean Hodges, 26, of Houston, Tex.

It was in Carinci's apartment at the Glenn Hotel that three detectives arrested Ratterman and Miss Hodges. Carinci manages the hotel and the associated night club, the Tropicana.

Ratterman had testified last week he and Paisley had dinner and several drinks the night of the arrest and had hunted up Carinci who had earlier urged Paisley to arrange a meeting with Ratterman.

Ratterman claimed after his arrest that he had been drugged and framed. Judge Joseph Rolf in police court last Saturday threw out charges against Ratterman after unexpected testimony of a photographer.

The photographer, Thomas A. Withrow, testified he was asked on April 14 by an associate of Carinci, named Marty, to be ready to take a picture of a man and woman in a room under strange circumstances.

## HERB SCORE IS OPTIONED TO SAN DIEGO

NEW YORK (AP) — Herb Score, once a million-dollar pitching ace, is back in the minors today, hopeful he can shake the wildness that has been a monkey on his back since he was all but knocked out of baseball four years ago.

The Chicago White Sox, stumbling along at the bottom of the American League, optioned the 27-year-old left-hander to San Diego of the Pacific Coast League Friday night.

"We had a long talk with Herb," said Manager Al Lopez, "and we told him we thought this would be the best thing for him. We feel he has to be some place where he can pitch every fourth day, some place where if he gets into trouble, he can stay in and pitch himself out of it."

WANT NO ALIBIS  
"We couldn't afford to let him do that up here."

If Score has had one "beef" in the past couple of seasons it has been over the excuses sports writers have made for him. "I appreciate what they're trying to do for me," he has said, "but I want no alibis. I don't deserve them. I'm just not pitching the way I used to."

The "alibis," as Score chose to call them, concerned, of course, his injury in 1957 — when he was pitching for Cleveland and was struck in the eye by a line drive by Gil McDougald of the Yankees. There was, at first, serious concern over whether he could retain sight in the eye, much less return to the mound.

Before that injury, Score had won 16 games and had led the AL with 245 strikeouts as a rookie in 1955. The following year he won 20 and led the league with five shutouts and 263 strikeouts. It was then that Boston offered a million dollars for Herb.

## Eller Beaten In Southern Tourney

ASHEVILLE, N. C. (AP) — Judy Eller's bid for a record third successive Southern Amateur golf title has ended, but another historic note may be added to the tournament in today's 36-hole final.

Polly Riley goes after her sixth Southern crown against Sherry Wheeler, Glasgow, Ky., senior at Arizona State University who defeated Miss Eller 2 and 1 in semi-final play Friday.

Polly, from Fort Worth, Tex., holds the record of five crowns. She won from Mrs. Betty Probasco of Chattanooga, Tenn., 3 and 1, to gain the finals for the seventh time since 1948.

Sherry, who is playing only her second Southern, lost a 19-hole quarter-final duel three years ago to the eventual champion, Mrs. Mary Ann Reynolds of Albany, Ga.

Polly, who had been a bit unhappy over her putting in earlier rounds, had seven one-putt greens on the last eight holes. She had a 16-footer, two 10s and one from 9 feet in that stretch.

## URGES FIRING OF 'DISLOYAL' CITY OFFICIAL

PHILADELPHIA (AP) — Mayor Richardson Dilworth says he plans no more firings in his administration at the present time following his recommendation that Procurement Commissioner Michael J. Sura, 59, be dismissed for backing up a fired deputy.

Dilworth, who cut short a world tour to take personal charge of cleaning up a scandal which has rocked City Hall, said Thursday Sura was "damned stupid" to come to the defense of Deputy Procurement Commissioner George B. O'Gorman.

O'Gorman had been fired by Dilworth for taking \$300 and a bottle of liquor from Eli G. Travis, a free-spending contractor doing business with the city. Travis was head of the Hughes Steel Erection Co., which had a contract for repair work on the Frankford Branch of the elevated rail lines.

### TREASURER FIRED

City Treasurer George Dilauro was fired along with O'Gorman and three others by the mayor. They were accused of taking gifts despite orders to city employees to refuse gifts.

"Mr. Sura is not much use to the city," said Dilworth. "When I fire a man for cause, I want no disloyalty. Not that he is not hon-

est but I cannot afford stupidity at this time."

Sura, who was not accused of any wrongdoing in connection with the scandal which developed from Travis' dealings with the city, was stunned by the news.

### CLAIMS MISQUOTED

He said the mayor had not talked with him and later refused to see him. He said he was misquoted with regard to his feelings about O'Gorman.

"There will be no more firings at the present moment but I don't know what tomorrow will bring," said Dilworth.

Dilworth has indicated several of his departments are due for shakeups, especially in the executive salary range of \$8,000 to \$10,000 a year and up. He has said this shuffling will be done cautiously so as not to cast reflection on the honest individuals affected.

### SUITS FILED

Meanwhile, in another development Thursday the city sued to recover \$1,815,000 it said it lost because of an alleged conspiracy to overcharge for the elevated repairs, dating back to 1957.

Named in the suit were the Philadelphia Transportation Co., which runs the city-owned elevated lines on lease, the Hughes Co. of Pennsylvania, and the same firm in Massachusetts, both now in bankruptcy; Consolidated Industries Inc., also bankrupt, and A. Belanger and Sons Inc. All three construction firms had contracts with the city and PTC for work on the elevated.

George H. Smith Jr., a retired PTC vice president, is one of five persons under arrest for allegedly participating in the conspiracy. Travis also is under arrest. Both were named in the suit as individuals.

Kennedy says the \$500 million will help with social improvement

## 7 DEAD AFTER 2-CAR CRASH; HOLD INQUEST

SAFFORD, Ariz. (AP)—Police here are trying to find out what caused an accident in which seven persons, six of them teenagers, were killed Thursday night.

Justice of the Peace Walter Clifford Sr. said special emphasis is being put on the liquor possibility. Five of the dead had been graduated that day from Safford High School.

"If it is found that drinking was involved among the teenagers, whoever is responsible for their obtaining the liquor will be handed the severest possible penalty," he said.

Highway patrolman Everett Hull testified at the opening of the inquest Friday that Johnny John, 17, of Safford, the lone survivor, told him none of the group had been drinking.

### BOTTLES WERE FOUND

But earlier Hull told newsmen broken beer bottles and splashes of beer were found in the teenagers' car and "I feel reasonably sure some of the boys were drinking."

Meanwhile, a mass funeral service was set for Monday for the five Safford dead, Jerry Goodman, 17, son of Graham County Tax Assessor Robert Goodman Sr.; Wade West, 16; Ivan Allen, 16; Joan Robinson, 14, and Kay Fyffe, 16.

Arrangements for Alberta Bigler, 17, of Central, Ariz., have not been announced.

Services are scheduled in Pima, Ariz., today for Wayne Wamsley, 33, the other victim. His car slammed into the sedan carrying

in Latin America and lead to what he called "a decade of democratic progress."

The bulk of the \$500 million is expected to be pledged for loans within the next few weeks or months. Over 200 loan requests for land reform, housing, water supply and roads—already have been submitted.

## Garroway Quits "Today" Show

NEW YORK (AP)—Dave Garroway, 48, has resigned from his early morning NBC television program, "Today."

Garroway, who headed the two-hour show since it began in January 1952, said Friday he wants to leave Oct. 31, when his contract expires, or earlier if possible.

He has been with NBC for 23 years.

Garroway's wife, Pamela, died last April 28 of an overdose of sleeping pills, leaving him with his daughter, Paris, 17, by a previous marriage, and her son, Michael, 13, by a previous marriage, and their son, David Cunningham Garroway Jr., 3.

Now that his wife is gone, Garroway said, "I feel I must become a better man. I want to be the best father I can. Our family needs each other now more than ever."

## KOREAN JUNTA ENDORSED BY UNITED STATES

By ALLAN CLINE

SEOUL, Korea (AP)—The U.S. Embassy said Friday night that the United States "notes with approval" promises made by the new Korean military government.

The junta told the Korean people Washington had endorsed its revolution. A note from Charge d'Affaires Marshall Green to Foreign Minister Kim Hong-il gave the U.S. view. But four large, heavily censored Seoul newspapers played it up as a personal reply by President Kennedy to a May 16 letter from the soldier premier Lt. Gen. Chang Do-young.

At a news conference, the foreign minister called the note "a clear indication from the United States that it supported the revolution."

### NONE NOTED GREEN

Green said the U.S. government noted with approval Chang's pledges in his letter expressing "support for free world principles and a determination to promote the welfare of the Korean people."

None of the newspapers said the note was sent by Green instead of Kennedy personally.

To correct the impression that the President had written Gen. Chang, the embassy issued the text of the message today, labeling it a first-person note from Green to Kim and concluding it with Green's signature.

The military government today announced replacement of emergency martial law, enforced since the coup, with a more relaxed security martial law.

The new edict, among other things, replaced censorship of the Korean press in advance of publication with self-censorship. It said anything "detrimental to national security" may not be published.

The \$25 billion in assets held by New York savings banks is enough money to build 25-highways like the New York State Thruway.

## KOREA RULERS AND U. N. CHIEF IN AGREEMENT

By ALAN CLINE

SEOUL, South Korea (AP) — South Korea's military rulers and U.S. Gen. Carter B. Magruder agreed today on a compromise restoring to Magruder most of the operational control he exercised over the 525,000-man Korean armed forces before the coup last week.

Magruder said he was not completely satisfied, that he considered his authority as U.N. commander in Korea had been "restored to a considerable degree, rather than fully."

"Once authority has been flouted, it can only be re-established by its implicit observance over a long period," said Magruder, who had unsuccessfully called on the armed forces to withhold support from the rebels.

### RETURN 3,800 TROOPS

The junta headed by Lt. Gen. Chang Do-young agreed to return to the front 3,800 of the 7,000 troops who seized Seoul on May 16 and overthrew the elected government of Premier John M. Chang.

Magruder released to the control of the junta two understrength army reserve divisions totaling only a few thousand men, a para-troop combat team of 2,000 to 3,000 men and about 700 military policemen to garrison Seoul against any challenge to the military regime.

It was understood that Magruder failed to win out in his demand that he once more approve changes in Korean command appointments, an authority U.N. commanders exercised before the coup. The junta leaders have replaced—without Magruder's approval—several top commanders who refused to back their rebellion.

## FIRE ATLAS 'E' IN 2ND SUCCESS

CAPE CANAVERAL, Fla. (AP) — An advanced Atlas missile designed for heavier payload and greater range has scored its second straight success on a 5,000-mile test flight.

The flight Friday night is further evidence that the Air Force has solved problems which beset the new Atlas "E" rocket in early test firings.

Five of the first six launchings of the improved missile failed. The trouble was traced to a faulty hydraulics system. The system was modified and on May 12 an Atlas successfully flew the course.

Lake Ontario, 54 miles wide, is the narrowest of the five Great Lakes.

## New Speed Mark Set By AF Hustler

PARIS (AP)—An Air Force B38 Convair Hustler shattered transatlantic records Friday with a flight across at speeds sometimes twice the speed of sound.

The plane flashed over famed Le Bourget Field—where Charles A. Lindbergh landed 34 years ago—and set down 6 hours 15 minutes after taking off from Carswell Air Force Base in Texas.

The plane made the New York-Paris leg of the trip in 3 hours and 20 minutes. The average speed for the trip was 1,105 m.p.h.

### MARKS ANNIVERSARY

The flight was planned in connection with the Paris Aviation Exposition, now under way, to mark the anniversary of Lindbergh's New York-Paris flight in 1927. Lindbergh's time for the journey in the single-engine prop plane "Spirit of St. Louis" was 33½ hours.

A three-man crew from the U.S. Strategic Air Command piloted the bomber to the transatlantic record. The bomber took off from Carswell at 4:10 a.m. and reached Paris at 10:25 a.m. It flew nonstop to Paris north over Washington and then over New York where it headed out to sea.

A U.S. Air Force announcement said that in addition to a New York-Paris record, the bomber set a record from Carswell to Washington of 2 hours 16 minutes, and a record from Washington to New York of 19 minutes.

## Finds Dynamite Hooked To Nights

PITTSBURGH (AP) — Bonnie Peak, 10, discovered dynamite in her father's car Friday. It was wired to explode when the car's lights were turned on.

Arthur Peak, 43, a city refuse worker, said he had been driving the car for almost an hour before the girl found the explosives.

Peak got the girl out of the car and then took it to police who disconnected the dynamite.

Peak was unable to explain where the dynamite came from.

## U. S. Soon To Be \$3.5 Billion In Red

WASHINGTON (AP) — The federal budget will be more than \$3.5 billion in the red next fiscal year if Congress approves President Kennedy's plan to spend more on space research, defense, foreign aid and other programs.

Kennedy two months ago forecast a deficit of \$2.8 billion, assuming action by Congress to boost postal rates.

The programs advocated by Kennedy Thursday in a special message to Congress would add \$724 million to spending in the 1962 fiscal year which begins July 1. There would be a corresponding increase in the deficit.

In addition, Kennedy said a later message will call for more funds for civil defense. Officials estimated this might add another \$70 million or so to next year's spending total.

## MOTHER MAY REGAIN SIGHT

NASHVILLE, Tenn. (AP) — It was nearly a year ago that a pretty young mother opened a gift-wrapped package, gaily believing it was a present for her new daughter.

The package was a home-made bomb.

As a result of the explosion, Mrs. Frances Tate, now 30, hovered near death for months. She lost her hands, her hearing was impaired, her eyes shattered.

Her former husband, Willie Lavoy Tate, was sentenced to prison after he admitted sending the package.

Today, doctors hope a cornea recently transplanted to Mrs. Tate's left eye will enable her to see enough to recognize people when the stitches are removed in three or four weeks. Her right eye was damaged beyond repair, the doctors say.

Thursday, the scarred mother received her first, moist kiss from her youngest of three daughters.

## MAN ON MOON PROJECT TO BE VERY COSTLY

By ALTON BLAKESLEE  
Associated Press Science Writer  
TULSA, Okla. (AP)—President Kennedy has picked up the Soviet challenge to race for the moon—at huge costs to taxpayers.

But, some U.S. space scientists said Friday, he's also thrown back a challenge: Match American efforts to explore space for peaceful boons and scientific knowledge—or at least share such results as openly.

Their comments came as several hundred scientists, industrialists and educators began the first National Conference on Peaceful Uses of Space.

### DEVOTED TO BENEFITS

The two-day conference is devoted to benefits promised by satellites for new worldwide communications by telephone, cables and television; weather satellites for long-range accurate forecasts or even ultimate control of weather; and probes to discover fundamental knowledge about space, earth, sun, stars and even the origin and fate of the universe.

Several scientists, speaking privately, said they thought President Kennedy's call for vastly expanded space efforts—including the multi-billion dollar race to place men on the moon—was bound to increase the harvest of practical and scientific knowledge to be learned from space.

In the last three years, U.S. scientists published 185 space research reports in the Journal of Geophysical Research, one scientist commented. In that same period, he said he had seen only 30 reports from Soviet scientists, but he admitted not all the Soviet reports might have been translated or otherwise made available.

### TERRIBLY EXPENSIVE

Putting men on the moon will be terribly expensive—some estimates run up to \$40 billion.

Is it worth it to put man in space?

"I don't think we can afford not to try," said another scientist. "No more than nations could not afford to change from sailing ships to steamboats when steamships came along. Or to airplanes or to jet airplanes. We simply can't afford to neglect new ideas and challenges, even though we don't know where they will lead."

## 6,000 DEMS DINE TONIGHT

By JACK BELL

WASHINGTON (AP)—Some 6,000 Democrats rally tonight behind President Kennedy, under attack from Republicans for his support of the tractor trade and for new spending proposals.

Kennedy himself had top billing at the \$100-a-plate dinner celebrating his 44th birthday two days early. The sale of 6,000 tickets promised a sizable reduction of the party's \$2 million debt.

Vice President Lyndon B. Johnson, House Speaker Sam Rayburn, D-Tex., former President Harry S. Truman and other party notables are to speak on a program to emphasize that Democrats are united behind Kennedy in advance of his trip to Europe next week.

Kennedy leaves after the dinner for his Hyannisport, Mass., summer home. From there he will go to Boston Monday night for another birthday dinner. Returning to Hyannisport, he will fly to New York Tuesday to speak that night at a Cancer Fund dinner.

Tuesday night, accompanied by Mrs. Kennedy, he will fly to Paris for conferences with President Charles de Gaulle. From there he will go to Vienna for informal talks June 3-4 with Soviet Premier Nikita Khrushchev.

The Kennedys will fly to London June 5, where they will meet the queen and Kennedy will talk with Prime Minister Harold Macmillan.

JACKSON, Miss. (AP)—The "Freedom Riders," defying segregation, chose today to remain in jail rather than pay fines after their conviction of breach of peace charges here.

Meanwhile a fresh onslaught on "Jim Crow" barriers in Mississippi was planned by a new group of riders from Nashville, Tenn. A leader indicated the group might travel by train rather than bus and would probably leave Nashville for Jackson sometime today.

### AID TO COLLEGE

WASHINGTON (AP)—A \$1.4 million loan to aid Looming College, Williamsport Pa., in constructing housing to accommodate 272 men and 60 women students was announced Friday by the Community Facilities Administration.

The project provides for two dormitories and an addition to an existing dormitory.

## Corn Needs Weed Control Says Frank Zettle, Agent

By FRANK S. ZETTLE  
Adams County Farm Agent

Weeds are no allies of a corn crop whether they show up early or late. If weeds come early they stunt the corn, and if they come along later they steal nutrients and water away from the corn. A pre-emergence chemical application in use the past six or seven years is applied to the soil after the crop is planted, but before the weeds emerge.

Pre-emerge spraying results are sometimes disappointing because of weather, soil conditions and method of applying. Rain is necessary within two weeks after spraying to wash the chemical into the soil. If there is no rain, control will be poor. Grass weeds, broad-leaved weeds and deep-rooted perennial weeds all require different treatment.

### SPRAY WITH ATRAZINE

Atrazine is the recommended spray for most heavy soils, because it will control annual weeds all season. Fields are often as clean at harvest as at planting. But, the chemical is not sure-fire without rain, it's expensive and does not control deep-rooted perennial weeds.

Many Pennsylvania swine producers are looking to multiple farrowing as a means of increasing farm income without buying more land or building extensive new buildings.

### MULTIPLE FARROWING

Under a multiple farrowing system, a farmer farrows sows four or six times a year in the same facilities rather than the traditional twice a year. Multiple farrowing has several advantages over twice a year farrowing. They are: It allows more sows to be handled in the same facilities, thus reducing building costs per sow; provides more uniform income over the year, spreads the work load, and allows the farmer to increase the size of his unit without greatly increasing his equipment cost.

However, multiple farrowing is not entirely a rosy picture. They are some disadvantages: factors of management are much more critical; it is more important to keep on a farrowing and breeding schedule, and the increased number of sows on the farm make the control of disease a more difficult problem.

Farmers considering a large hog operation are urged to consider all the advantages and disadvantages before going into multiple farrowing.

### SUPPLEMENTAL PASTURE

Pastures probably look good right now, but how will they produce in July and August?

If your pastures are like most, they'll probably need help this summer from supplemental pasture, and sudangrass is the best summer seeded annual pasture crop.

Sudangrass, seeded at the rate of 30 pounds per acre, will generally be ready to graze six to seven weeks after planting. It is a warm weather crop, so it is not seeded until the soil is warm, probably June 1 or later. It can be planted as late as July 1 but will not produce maximum yields when seeded this late.

How much should you plant? Under normal conditions, when grown primarily for supplemental summer pasture, you should plan for about one acre of sudan for each four mature animals you plan to graze. When considering sudangrass for silage, green feeding or hay, you can expect a yield of about 10 tons of green forage or three tons of dry hay per acre.

### BEST VARIETIES

Of the varieties tried in Pennsylvania, Piper and Greenleaf have proven best. They are high in yield, leafy, relatively resistant to leaf diseases, and much lower in prussic acid than other available varieties. Several new sudan-sorghum hybrids also show promise under Pennsylvania conditions but appear to be somewhat higher in prussic acid than either Piper or Greenleaf.

Sudangrass responds to a complete mixed fertilizer in much the same manner as corn. It will produce the highest yields, be more evenly grazed and better utilized if divided into two or more areas, each being grazed off in rotations and given a chance to recover. Plantings may also be staggered at 7-10 intervals to even out the grazing season.

### COULD BE GOOD CROP

Do not turn cattle on sudangrass until the plants are about 18 inches tall. If properly managed 2 or 3 periods of grazing are possible during the season.

High quality pasture from tall-growing perennial grass-legume mixtures or silage made from surplus early pasture is normally more economical than sudangrass, providing there is enough of these to maintain steady forage production through the summer. If pasture is normally scarce on your farm in July and August, sudan can be a mighty valuable crop.

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy said in a broadcast beamed overseas Friday that racial prejudices are being broken down in this country and a Negro could be president within the next 30 to 40 years.

Mathis' popularity among teen-agers is unusual because he has never sung a rock 'n' roll song. In a survey by the Gilbert Research Bureau among the nation's teen-agers, Mathis was named the top male singer of 1960. Asked by an interviewer on how to keep happy, Mathis gave this formula: "Sing, if you can't sing, whistle and if you can't whistle, hum!"

The Asphalt Shows Human Side Of Policeman  
Jungle

By CHARLES J. LEAVY

When watching "The Asphalt Jungle" on ABC-TV next time, take particular notice to the three portraits on the wall of Deputy Police Commissioner Matthew Gower (played by Jack Warden). To anyone who is familiar with the camaraderie of members of most large police forces, the presence of these pictures in the office is a familiar site.

To most citizens the idea of sentiment entering the lives of policemen seems incongruous. Because of the very nature of their job, most policemen invariably become hardened and impersonal. However, the greater majority of

to know how they work and what they think and feel."

## GOOD TRAINING

"All that experience has been good training for my job," Arch adds.

"I'm interested in showing these servants of the public as human beings and our 'Asphalt Jungle' scripts portray them as just that.

"By observing them at work while a newsman, I learned that they have normal emotions and reactions; they get scared; they make mistakes."

Gower's squad has been formed to meet a crucial need posed by the infiltration of higher echelon crime and corruption. Led by

Italian immigrant. In "The Body Beautiful" he unveiled an unsuspected talent for comedy as a song and dance man. Last season he starred in "A Very Special Baby" with Luther Adler and Sylvia Sidney.

Jack has upwards of 200 TV shows to his credit, including "Kraft Theater," "Goodyear Playhouse," "Studio One" and "Playhouse 90." His appearance in "The Petrified Forest," a TV spectacular with Humphrey Bogart, Lauren Bacall and Henry Fonda led to his "Bachelor Party" role.

## BORN IN NEWARK

Born in Newark, N. J., Jack attended Barringer High School be-

While a slightly envious Bill Smigh look on, pretty Maura McGivney acts as cravat fixer for star Jack Warden on the set of "The Asphalt Jungle."

law enforcement officers are basically dedicated public servants.

## BAD NEWS REMAINS

When a crooked policeman is uncovered, it is a reflection on the entire force. Heroism and honesty are quickly forgotten by the public, but news of a bad cop remains, and all policemen feel the accusing eye.

So it is quite natural that the memory of heroic and honorable police is perpetuated by their fellow officers.

"The Asphalt Jungle," a suspense and adventure series, set against the throbbing background of a modern metropolis, attempts to get to the inside of the policemen's problems as people, their relationships among themselves and their work.

## HEROISM, CORRUPTION

As producer Arthur Lewis explains, "If the average man ever does think of a cop as a person, the only things that seem to come to mind are heroism and corruption. Very little of all that lies between is ever seen or heard by the public. This along with 'big crime' is the area we intend to exploit in 'The Asphalt Jungle.'"

Arch Johnson who plays the role of assistant to Jack Warden says, "Policemen probably take more risks for less money than any other group of people in our society."

Johnson's evaluation of police work come from a first-hand knowledge of the job, of the responsibility and of the danger faced. While a reporter for the Associated Press and the Philadelphia Inquirer, he "followed enough policemen around enough beats

fiery, impulsive Gower, the 'squad takes on tough assignments that no one else can or wants to handle.

"Matt Gower is the kind of character every actor wants to play," says Warden. "He's on the right side of everything. He's tough as nails when someone is wrong, but he'll fight for anyone he knows is a 'right' guy. He's full of guts, but he's got heart."

Versatility in a wide range of stage, screen and TV portrayals has made Jack Warden one of the most sought after actors in show business.

In films, as the restless bachelor who organizes the party in "The Bachelor Party," as the thick-skinned salesman anxious to get to the ball game in "Twenty Angry Men" and as the sadistic dock boss in "Edge of City," Warden displayed his many-sided talents.

Prior to World War II, he fought a few professional fights as a welterweight under the name of Johnny Costello; worked tugboats as a deck hand on New York's East River; was a bartender in San Francisco and a bouncer in a Manhattan dance hall; served in the Merchant Marines and subsequently was an Army platoon sergeant in the 101st Airborne Division.

When he left the service, he enrolled in Margo Jones' Theater in Dallas, Tex., where he studied for five years.

Warden is a water skiing enthusiast and keeps in excellent physical condition skidding along behind his 17-foot motor launch. He is joined in the sport by his French-born wife, actress Vanda Dupre. The couple resides in Malibu Beach, Calif., and also has a Manhattan apartment.

## FOOD FOR THOUGHT

By MARSHALL TUCKEY

Chicago's Stockyard Inn is one of the best-known steak houses. It was built to serve cattlemen who brought their herds to the world's biggest stockyards.

The Inn is a combination of the West's and English architecture. Near the center of the room is the "Steak Throne," where beautiful steaks repose on a bed of ice. This is flanked by braziers that hold branding irons so you can choose the steak you want, brand it, and your brand is still legible when the steak is served sizzling hot.
